N. GOLF INFORMATION AND ETIQUETTE

The membership of Pinewild Country Club of Pinehurst is conscious of their “pace of play”, and for that reason, it is important to discuss some of our guidelines. Pinewild Country Club of Pinehurst maintains a strict desire to adhere to a four hour and fifteen-minute round of golf. Although the Club employs Player Assistants to help with pace of play, **pace of play is the player’s responsibility.** Therefore, the club will respectfully request that all members be aware of their pace as well as position on the golf course(s) at all times.

Any member or guest that has been warned more than once about a pace of play issue will be asked to skip to the position in which they should be on the course at that time. This will help alleviate a backup on the golf course, making the playing experience more enjoyable for all golfers. Course condition is also a concern of the membership. We ask that all players do the following:

Please repair your ball mark on the greens. If your ball is in the back of the green, please make sure to check the front of the green, invariably your ball left a pitch mark. Please survey the green for your ball mark, and repair any ball marks you may find in the process.

- Sand your divots in the fairways. Do not replace the divot, but rather fill the divot with the sand mix located on the side of the cart. This will give the divot a faster chance to heal more effectively.
- Rake the bunkers after your play a shot from them. When you are finished, please replace the rake to the outside of the bunker.
- Please make sure to discard cigarette butts along with any trash in trash containers or keep them in the cart during your round.
- If there are any other questions concerning membership or golf shop policies or procedures, members may contact Christopher Little, General Manager.
