FOLLOW-UP from the Charity Event...

We extend a heartfelt thank you to the Pinewild Advisory Board for selecting the Boys and Girls Club of the Sandhills as the recipient of the 2024 charity golf tournament. The Boys and Girls Club of the Sandhills provides a nurturing environment for children aged 5-18 to learn, grow, and build bright futures. Our mission is to inspire, enable, and educate young people from all backgrounds to reach their full potential as responsible, productive, and caring citizens.

With the generous support of Pinewild Country Club, sponsors, volunteers, and tournament participants, we were able to raise over \$40,000 in funds. We are immensely grateful for the hard work and dedication of Kyle Kirk, PGA and the entire staff at Pinewild, as well as Linda Schneiter, Vinette Gordon, Judy Block, and Jeff Gilbert, whose efforts contributed to the tremendous success of our tournament.

We are deeply appreciative of the ongoing support from the Pinewild Community. It is through the kindness and generosity of our local citizens and businesses that the Boys and Girls Club has thrived for 25 years, serving over 12,000 children in Moore County.

NEWS, NEWS and more NEWS...

As is normally the case, April "buzzed by" with many various Golf and Social events conducted. We trust that all enjoyed this special colorful season in the Sandhills.

The Pool Facility will open on Friday May 17th. For the enjoyment of all users and for safety reasons, it is imperative that the [Pool Rules](#) be followed. Please ensure that your family and accompanied guests are aware of said rules. We will continue to have a "sign-in" roster which must be completed by ALL Members and their Accompanied Guests who enter the facility. Water Aerobics will be held this Summer, with the first session starting on June 18th. Please note that the registration for the classes will be processed through the Club, via a weekly online sign-up. This will start later in May, with an email and more details emailed to the Membership soon.

With Spring finally here, the grass is starting to green-up and grow. All Bermuda grass has been fertilized with a 15-0-15 fertilizer with Ronstar, a pre-emergent herbicide for summer weeds. The greens will be sprayed weekly with foliar fertilizer, growth regulator and fungicides as needed.

Regular topdressing has begun, and weekly topdressing and verti-cutting of the greens will continue. The mowing heights have also been lowered, and this will continue, along with more "double cutting", as we roll into Summer and increase green speeds.

The wind storm on April 11th, and the resulting trees and debris which was knock down, set us back due to the clean-up necessary. Clean-up has been focused on the "in play" areas thus far. As soon as these areas are completed, we will start cleanup along the out of play areas...thanks for your patience and understanding.
